

Have your say...

PHARMACY NEEDLE EXCHANGE

We need to hear your thoughts on how we can improve the types of equipment and the packs we offer in pharmacy needle exchange.

We will be running an informal drop-in session for **people who inject drugs/steroids** (current or historic) to give their opinions on pharmacy needle exchange in a safe, confidential and stigma-free environment.

We will be asking about the **equipment** and **packs** we give out and welcome any thoughts you have about how we can improve the service. We will have examples of the equipment for you to look at.

We want to hear from anybody using injecting equipment, but we are particularly interested in talking to **men who have sex with men**, people from the **LGBT+ community** and **steroid users**.

Due to budget restrictions, we are unable to reimburse travel expenses.

If you are interested in giving your opinion but are unable to attend the event, please contact us by phone or email.

Date: **9th January 2019**
