

## Equipment at Level 2 pharmacies and NRN Harm Reduction Service

- 1ml and 2ml barrels (Low Dead Space)
- Range of pins (needles) for all injection sites
- 1ml fixed syringes (pin and barrel in one)
- Prep spoons
- Pre-injection swabs
- Sharps bins
- Citric and Vit C acidifiers
- Foil
- Sterile water for injection (plastic 5ml amps)

At the level 2 pharmacies and NRN Harm Reduction Service, you can take as many items as you need in any combination.

**You should always try to take a sharps bin and try to bring back your returns!**

### Level 1 packs

Red - 5 sets of kit for injecting into veins (heroin)

Blue - 5 sets of kits for injecting into deeper veins (heroin) with long blue needle

Purple - 5 sets of kit for injecting into deeper veins (heroin) with long orange needle

Green - 10 sets of kit for injecting amphetamine (2ml barrels)

Orange - 10 sets of kit for injecting intramuscular steroids

Yellow - 10 sets of kit for injecting subcutaneously (under the skin)

## PHARMACY Needle Exchange in Nottingham City

You can access a wide range of injecting equipment from:

- Pharmacies across the city delivering level 1 (pre-made packs), or level 2 (pick and mix)
- At Nottingham Recovery Network's (NRN) Harm Reduction Service based at Broad Street (Health Shop)

The level 2 pharmacies and NRN will be able to give you individual sets of works, tailored to your exact need.

If you don't know what you need, it is best to phone NRN Harm Reduction Service on:

0115 9055001

All the services in this booklet will offer you a FREE and CONFIDENTIAL service.
